

Welcome

Rockville Makerspace & TOOL LIBRARY

Welcome! The Rockville Makerspace and Tool Library empowers the people of Montgomery County, Maryland and surrounding areas to turn their ideas into reality by applying a wide range of new and old technologies. We provide affordable access to tools, training, workspace, and a growing community of creative and knowledgeable makers to help you with your projects. Doing it yourself is better with friends!

How it works

We run on a membership model

Nonmembers can:

- Take a tour and learn about becoming members
- Donate tools or seeds
- Borrow seeds from our seed library
- Attend many of our classes and workshops
- Join our Slack group and ask questions and get help with projects
- Volunteer (if 16 or older)

Members can:

- Use the makerspace during member hours to work on projects
- Use equipment including 3D printers, laser cutters, sewing machines, and woodworking tools
- Borrow tools from the tool library (if they live in Montgomery County)
- Bring a nonmember guest

Revision #7
