

# How to edit the wiki

To edit the wiki, please ask for access on the [#general](#) channel of slack.

This wiki runs [Bookstack](#) under the hood. They have [documentation](#) for how to use and edit the wiki on their website which may be helpful. Please let us know if you run into any trouble!

If you want to add something to the wiki and can't find the appropriate page, please put it at the end of the [miscellaneous](#) page, and let us know -- one of the Documentation Team will organize it.

Thank you for your interest and your help with the Makerspace!
